Good afternoon. As we continue with distance learning, some student devices may fail due to malfunction. Unfortunately, we do not have an extra supply as we gave out approximately 1,400 devices to elementary students. Please remind parents that Google Classroom can be accessed from ANY computer. Simply log on to Classroom.google.com with your school email and password. A chromebook is not needed to access Classroom. I think some parents are not aware of this as I have talked to many regarding logging in to Classroom.
Hope this helps. Please stay safe.
